ALEXANDRIA MARKET, February 1 .- There is no change to note in the market to day. Flour is quiet and firm. The receipts of Wheat have increased, and the offerings to-day amount ed to 2620 bushels, which sold at 1(), 102, 103 105, 103, 107 and 103 for fair to good Fultz and Lancaster. Corn is in light receipt, and sales were made at 39 and 40 for white; 1(1) bushels of yellow were offered, but withdrawn. No sales of Rye or Oats reported. Country produce is quiet at yesterday's quotations.

BALTIMORR CATTLE MARKET, Feb'y. 3, 1678. [Cattle are sold at these figures live weight. Hogs are sold at net weight, that is 20 per cent (generally) off from the live weight. Sheep are sold gross, that is live weight, or nothing off.] f Cattio-Prices to-day ranged as follows:

The light number of the receipts this week. which were about equal to the demand, resulted in an improvement in prices to the extent of 1,1 cont, the latter in a small number of cases Dealers held up hard for the prices obtained, and generally succeeded, and trade was consequently slow, operations continuing rather later than usual. We quote at 250.55 871 per 100 lbs., a few tops, very choice selections selling at the latte price.

Mich Cows. - The receipts, with those left over from last week, generally common grades, were in excess of the demand, which was only fair for good Cows. We quote at 15:850 per head.

Sneep.—With receipts nearly doubte what they were last week there has been a moderate demand on the part of our home lutchers, who have only bought to fill present wants. There has been a good demand on the part of Bastern buyers, who took most of the best grades. The quality is somewhat better than it was last week, in view of which the quantations, while they are higher, show no improvement actually over last week's figures. Receipts this week 2500 head. Hogs-The receipts, though fair, being slightly in sices of the numbers last week, have proved scarcely equal to the demand, which is reported

Some dealers are looking at 5elft, a few rough sows and stags selling at and near the former figure, most sales being recorded at 54 632 per 15 net. Receipts this week 6642 bead.

THE HUNTON-ALEXANDER CASE.-The Washington Star says that the grand jury resumed the consideration of the charges, brought by Mr. Alexander against General Hunton, yesterday. When they adjourned on Friday they ordered that the witnesses named by Mr. Alexander, viz: J. M. Steuart, postmaster of the House of Representatives; Col. T. E. Shepherd, of Virginia, who it is claimed was the General's friend, and F. E. Alexander, who obtained the letter from the postoffice, and delivered it to his father, should be summoned for this morning. The marshal returned Col. Steuart as "non est" and the others "summoned," and Messrs. Shepherd and F. E. Alexander each testified, neither being in the jury room but a few mimates. Mr. Columbus Al exander was also before the grand jury to make an explanation. Subt coas were ordered this morning for James G. McNabb, for the purpose of ascertaining where he he had received information about the grand jury proceedings which had been published in some of the New York papers. It is stated that some of the members of the grand jury are much incensed that this information was made public.

It is generally understood about the Court house toat these proceedings are being taken entirely independent of the district attorney's office, and that the grand jury refused to take any action to the case until they received a letter from Mr. Alexander making a formal complaint. There is considerable diversity of opinion about the court house as to how the investigation will result, some having the im pression that the grand jury will dismiss the complaint, and others that a presentment will

be made. A prominent member of the bar is authority for saying that shou'd an indictment be found a conviction would be impossible : 1st. Because the letter which purports to be a challenge was written in Virgicia and mailed there, and therefore the alledged offence was beyond the jurisdiction of the court, and 21. Because the etter itself was not a challenge, but simply one eviting a meeting beyond the jurisdiction of the court, where further arrangements could be made beyond the jurisdiction of the District of Columbia.

RECHABITES. - The public installation of officers of Virginia Tent No. 5 L.O. R., took place at their ball, corner of King and Royal streets last night. The meeting was opened with prayer by Rev. Mr. Pesrce, of the M. E. Coureb, and the singing of the opening ode. The peremonies were conducted by District Chief Ruler L D. Lyles assisted by Post Chief

COMMITTEE ON LIGHT .- The Committee on Light of the City Council will meet to-night. Among the matters to be brought up before them, will be the recommendations of the Mayor for the placing of gas lamps at the Comerco street entrance of the market house, and also one at the corner of Prince, Commerce and West streets. Both are very neces-ary, especially the latter, which is at one of the most frequented corners in the city, and on the main thoroughfare from Feirfax county to this maract.

THE RIVER .- The surface of the river is still parily covered with floating ice which is brought off the flats by the tides and floats up and down, but offers no resistance even to sailing vessels. The steamers are running regularly and several small sailing vessels have passed up and down. The chooner Forming sea, hence for Richmond, which was reported, yesterday. as shore off Fort Washington, was pulled off last evening by the tug Comet, and returned to this city. Her foresail and jib are badly torn.

FALL OF A HOUSE. - The front of the old brick bouse on the east side of Pitt street, just south of Chatham's stable, fell out about four clock this morning with a loud crash. The rear portion of the building was occupied by an old colored couple, but they were not hurt. The tront has long been in bad condition but was braced up yesterday evening.

ROBERTS CHAPEL.—The revival at Roberts chapel, M. E. church (colored,) continues with upabated zeal. There is a large attendares nightly, including a number of white people. Some complaint is made of bad behavier on the part of some of the visitors, and the trustees are determined to compel good order in future.

POLICE ITEMS .- There were no cases at the Mayor's office this morning. Justice Padgett had before him Couny Gray for assauting Charles Henry, both colored, in the market, who was fined, and in default of payment sent to jail for 30 days.

FROM WASHINGTON.

[SPECIAL TO THE ALEXANDRIA GAZETTE] WASHINGTON, D. U., Feb. 4

The Senate Finance Committee to day earsi lered the bill which presed the House a few days ago authorizing the hear of three percent. certificates on the deposit of legal tenders, said certificates to be exchangeable in sums of fifty dollars for four per cent. bonds. The Senate day, and reted upon the nomination of Mr. committee decided to increase the interest to Merritt. He had an appointment and left the three rix y five per cent. As thus smeaded

A large delegation of the tubecco men of the whole country were in the Sante chamber to day, before the floor was desired, for the pur pose of siling the effort to reduce the tax on journment. There were precedents for such tobacco to six een cents a pound. The friends request, and be now asked that he be allowed of the reduction say to day that they have counted noses and that the reduction will cortain'y be made.

The Teller Committee met this morning and heard Judge Mackay, of South Carolina, at tempt to explsia his defeat for Congress at the

Staunton river improvement under consideration to day. They will probably fix the appropria tion for the Rappahannock river at \$10,000, apprepriation for any single improvement coa templated in the whole bill.

Mr. Coke, of Texas, addressed the Saunte at length this morning in favor of Government aid to a railroad between Galveston and Ca margo and based one of his strongest reasons for such aid upon the probability that such a road would avoid the necessity for the use of troops along the Mexican border the expenses of which are greater than the sum asked for by the road. After his speech the consideration of the Elmunds resolutions for the enforcement of the 13, 14 and 15th amendments to the constitution was resumed, Mr. Bayard having

The House, soon after the journal was read, went into committee of the whole on the Army

Appropriation bill. There was an animated debate upon a motion to reduce the strength of the army in dulged in principally by the democrats among whom there was quite a squabble, Mr. Aikins, chairm in of the Appropriation Committee and the Texas members on one side and Messrs, Cex and Townsend upon the other. During the debate Mr. Mills said there seemed to be an idea prevalent on his side of the House that the liberty of the people was in danger from the army. That idea might be correct, but if so the size of that army was of no consequeuce for the liberties of the whole people had been destroyed by the few soldiers who were in Washington on the 4th of March, 1877-1800 he believed, but 18 would have done just us amply sufficient, and that he would oppose no command were massacreed. He said the gov crament was supported for the protection of i's people; that people of the frontier wanted that protection, and that a reduced army could

not afford it. Among the appointments sent to the Senate South Carolina to be consul at St. Paul de Loanda; T. A. Hodsen to be Collector of Costoms for the Eastern District of Maryland; C. G. Manning, to be Collector of Customs at Albe-marle, N. C.

The grand jury of the District of Columbia examined witnesses (among them Captain J. M. Steuart, Postmaster of the House of Representatives,) this morning in regard to the contempisted indictment of General Hunton for sending a challenge to Mr. Columbus Alexander.

The Committee on Elections of the Conste met this morning and determined to present at once a report in the case of Corbin against Butler. The majority will report in favor of unseating Butter and giving his place to his con-tostant. The minority will report in favor of M; Butter, and it is thought now that the minority report will be adopted.

The Naval Committee of the House will vote on Thursday as to whether or not they will recommend the prosecution of or Secretary Mobegon.
